Hello everyone! Welcome to Maple Town. Today, I am your guide.

Our town square is very famous and crowded on weekends. There is an ancient tower near the square. Many tourists take photographs there.

On the left corner, there is a modern art gallery. There are many colourful paintings inside. The museum is older than the art gallery, but the gallery is more popular with teenagers.

If you walk along the coast, you can see a quiet park. Families cycle there every Sunday. Some people fish near the water.

The sports centre is newer than the gym on King Street. It is bigger and more modern. Many local people attend events in the big hall next to it.

Maple Town is small, but it is more peaceful than many big cities.

Listening 6:

Hi! I'm Paul. This is my new flat. It is on the third floor, and there is a lift in the building.

There are two bedrooms and a bright sitting room. In the sitting room, there is a comfortable sofa and an armchair. There is a wooden bookcase next to the window.

My kitchen is small but modern. There is an oven and a large fridge. There is a balcony outside. I sit there every evening. It is quieter than my old neighbourhood.

Listening 7:

Hello, I'm Julia. I live in a house near the coast. It is a very happy place.

The living room is on the ground floor. It is very large and bright. There is a comfortable sofa and a wooden coffee table in the middle. We usually sit there in the evenings.

The kitchen is next to the living room. It is my favorite place. There is a large fridge, a modern oven, and a dishwasher.

We have a lovely garden outside the house. It is very green and peaceful. There are tall trees and colorful flowers.

My bedroom is on the top floor. It is small but very cozy. There is a soft bed, a white wardrobe, and a lamp on the desk.

The bathroom is next to my room. It is very clean. There is a mirror on the wall and a cupboard for our towels. I brush my teeth and wash my face there every morning.

I love my house because it is comfortable and full of love.

Listening 8:

There is also a library on the corner of the street. It is very quiet and modern.

My school is close to the library. It is a bright and clean building.

Finally, there is an art gallery near the city square. There are many interesting paintings there.

I love my neighbourhood because it is a happy and social place to live.
